

The Love2shop Gift Card is an exciting, flexible reward for customers and employees

It is accepted in-store at 90+ retailers and also boasts a massive catalogue of e-gift cards, which cardholders can access by exchanging their balance at love2shop.co.uk.

In-store retailers include leading fashion, tech, sports and experience brands. What's more, exchanging the value of a Love2shop Gift Card for an e-gift card opens up an even bigger catalogue of popular restaurants, high street shops, online retailers, special treats and days out.

Through the huge Love2shop Gift Card reward catalogue, absolutely anyone can find a gift they'll cherish.

Celebrate special occassions

Whether it's long service, milestone achievements, referrals, outstanding work or even birthdays, we have a card design to reflect the occasion.

Simply choose a pre-designed gift card design from our selection and when the card gets spent your employee or customer, will recall the positive moment associated with its presentation.

Personalised presentation

The carrier, on which gift cards are mounted, also provides space for a congratulatory message. This can be personalised to the individual recipient.

Customise the Love2shop Gift Card to your needs

Branding brings gratitude back to your business. Branding a card means every time a user interacts with their card, they are reminded of who it's from. From receiving the card, to keeping it in their wallet, to spending it, your brand gets a positive association from your audience.
